EXPERIENCE

Senior Software Engineer

Apr 2024 – Present

EPAM Systems · Abu Dhabi National Oil Company (ADNOC)

- Lead frontend of a capital projects portal serving executives and stakeholders across all ADNOC Group companies — dashboards, KPIs, approval workflows
- Own technical debt strategy, systematically refactoring key modules to improve performance and reduce defect rates
- Drive code quality across a 31-person frontend team through structured reviews and standards
- Facilitate grooming sessions, translating business requirements into well-scoped engineering tasks

React · TypeScript · Redux Toolkit · Redux Saga · Ant Design · SASS · Storybook · Azure

Software Engineer

Apr 2022 – Feb 2024

EPAM Systems · Liberty Global

- Migrated test suite from Jest to Vitest, cutting CI pipeline runtime by 55% and unblocking faster release cycles
- Modernised codebase: refactored class components to functional React; migrated 40%+ of files to TypeScript
- Joined SWAT team for critical bug triage, resolving high-priority production issues under tight SLAs
- Won People's Choice and Best Result at Liberty Global Hackathon — serverless React + AWS diagnostic tool
- Introduced a merge checklist that reduced production bugs by 20%

React · TypeScript · Vitest · Redux Observable · Material UI · AWS Lambda · Node.js

Software Engineer

May 2021 – Apr 2022

Digisoft LLC · Yerevan

- Developed scalable web apps with 50K+ daily active users, including map-heavy interfaces via Yandex Maps API
- Optimised map rendering performance, reducing initial load time by 30%
- Refactored legacy class components into functional hooks-based components
- Integrated REST APIs ensuring smooth performance across browsers and devices

React · Redux · TypeScript · Webpack · Yandex Maps API

Software Engineer

Dec 2020 – May 2021

ITHD LLC · Yerevan

- Built and maintained React-based admin panels with Ant Design for enterprise workflow management
- Improved homepage load speed from 4.2s to 2.1s, increasing client satisfaction and engagement
- Converted Figma designs into responsive and accessible interfaces across all device types
- Delivered features in Agile sprints in close collaboration with backend and QA teams

React · Redux · TypeScript · Ant Design · Webpack · Thunk

SKILLS

Core

React · TypeScript · JavaScript ES6+ · Next.js · Node.js

State & data

Redux Saga · Redux Observable · Redux Toolkit · RxJS · React Router

Styling & UI

SASS/SCSS · CSS Modules · Ant Design · Material UI · Storybook

Testing

Vitest · Jest · React Testing Library ·

Enzyme

Cloud & DevOps

AWS CloudFront · AWS Lambda · AWS S3 · Docker · CI/CD · Webpack

CERTIFICATIONS

AWS Certified Cloud Practitioner

AWS Certified Developer – Associate

HIGHLIGHTS

HACKATHON

People's Choice + Best Result — Liberty Global serverless React + AWS tool

MENTORING

Mentored 5 engineers at EPAM; active RSSchool mentor for aspiring developers

OPEN SOURCE

Vitest

Added toEqual extension for custom test assertions

BEAM Blockchain

Designed seamless UI for domain management interface

EDUCATION

BSc Informatics & Applied Mathematics

Yerevan State University

2015 – 2021
